**Cc:** [REDACTED]  
**Subject:** Permits to Germany  
**Date:** Friday, December 23, 2016 10:16:19  
**Importance:** High

---

Please coordinate all your import/transit permits supporting SOF AT&L requirements that are planned for Germany through us until further notice. These will be coordinated through State to Germany. DO NOT submit any additional permits. Please inform your freight forwarders and other logistics providers of this standing request. As you have noticed these permits are taking longer than normal due to the large number of requests and questions. Germany has become very sensitive to these requests.

Thank you for your support.

Have a Happy Holidays

v/r  
Bryan
